Weekly Newsletter

From the Director

Just a reminder: No school on October 1st and October 25-26. Please sign-up for childcare on those days if needed by using the yellow form that was in your mailbox. Extra forms are below the mailboxes if needed. (Due by Wednesday, September 26th) If your child(ren) will be in care these days please provide a lunch for them.

A Great way to show your kids you love them is to say, "I'm proud of you!" and rejoice together in the gifts God has given your child.

September Birthday Board

Ms. Pam-4th
Jackson J.-3rd

September 17-21

Classroom News

Discoverer (6wks-1yr)

We are transitioning into fall with creating a welcome wreath with our hands and making little pumpkins with our feet! We also played with climbing blocks and are continuing to build towers with our blocks and watching them fall over!

Ms. Gerri

Explorer Classroom(1yr-2yr)

Our theme this week was fall leaves! We worked on many art projects, please look at them on our bulletin board in our classroom.

Our bible story this week was about baby Moses and how Moses' mother saved him from Pharaoh by putting him in a basket in the river.

Activity to do at home: Wrap your child in a blanket and put them in a laundry basket to pretend to be baby Moses. Pretend to push them down the "Nile".

Ms. Rhea

Inventors Classroom (2yr-3yr)

This week is still All About Me! We are focusing on our feelings and emotions by singing, If You're Happy and You Know It and using our emotion puppets, reading books about feelings and of course always talking about our own feelings and our friends feelings on a daily basis.

We will be continuing to work on "clean up" throughout the school year. Again, we do encourage clean up with songs and games! We are already seeing great strides!

Reminder: Thank you to all that have brought in a family photo for our classroom tree! The children enjoy pointing and looking at their family during the day. We encourage everyone to bring in a family photo as it benefits the children to be able to see and talk about their family.

Please see the **parent board** next to our refrigerator for our weekly lesson plan, schedule, photos of the children, upcoming events in our area and information about two-three year olds!

Next week we will focus on Germs!

Ms. Kellie
