### **From the Inventors (2-3K):**

We are pretty busy in our classroom. We talked about turtles last week. During our turtle week, we learned the difference between land and sea turtles. We also made a cool gift for dads.

Next week we will be learning about ocean animals. We are going to use our feet to make some pretty cool animals that live in the ocean.

The following week (June 24-28) we will be making a bunch of July 4<sup>th</sup> art projects. We will be using our hands to make some special projects. We will also be talking about the American flag and its colors.

Things we are working on daily: Shapes, Colors, and Numbers (focusing on 1-10) We are also working at sitting still during circle time and our manners.

I am enjoying our children. I hope they are having fun too!
